

Curriculum Cue

Video/CD Title: 0331 Love vs. Fear
Disc Start Time: 00:00

Author: Bill Johnson
Disc End Time: 35:47

Class Instructions: Now it's your turn to serve those who will follow you in this ministry by creating the Curriculum Cue for this video. This is your opportunity to use your God-given creativity and Biblical knowledge to build something that can equip, empower, and dynamically influence others.

- Before watching the video have everyone read the handout on Drilling Down or have someone read it aloud. This should offer some insight into what your group will want to accomplish (the "why") with the Drill Down questions you will be coming up with.
- As a group watch the entire video before discussing how to design the Curriculum Cue. Feel free to pause the video while watching in order to suggest a discussion point and drill down. You may want to add instructions for the class to pause at the same point in the video for the drill down so as to discuss and/or break up the teaching time. Any other productive ideas you come up with will be given full consideration. You can have as many discussion points and drill downs as you want.
- Please type up your proposed Curriculum Cue before turning it in.
- This assignment will be complete when the Curriculum Cue is developed ~~and your group has answered the drill downs and completed the exercises. If as a group you complete this before your scheduled class night, you will have that night off.~~
