Use the block on the left in each cell to write in the name of each man in your home, including yourself (not your OSM). Next to the block with your name, circle your personality type based on the video you just watched. Go around to each man in your home and ask them your personality type based on the two questions in the video. Circle your personality type in the “CONSENSUS” box based on how your brothers see you. Write your name at the top of the form. Make a copy and submit it to your OSM.
