Instructions: One of the keys to understanding the workings of the Kingdom is that we are unpunishable in Christ. Repentance is a gift that opens the door to real change and freedom from bondage. It leads to restoration and is a requirement to heal a relationship.

Discussion 1: The only thing punishment accomplishes is to ease the anxiety of people.

Drill Down 1:

- If you were a slave to the rules, what would it look like?

- If you were a partner in relationships of love, grace, and liberty, what would it look like?

- When you are in a relationship based on rules, what place does trust play in the relationship.

Drill Down 2:

- What relationships are you currently in that you feel you have to keep the rules for fear of retaliation or punishment?

- What relationships are you currently in that are based on protecting the relationship because of your love for the other person?
