- As a young man, what made you feel important or significant?

- Today, what makes you feel important or significant? (Please do not offer the religious answer you may think you should give.)

Discussion 2: Striving for significance will undermine your significance.

Drill Down 2:

- How have you found yourself striving for significance?

Lesson 0432

- How has that been working out for you?

Drill Down 3:

- How often do you find yourself striving to hear from the Lord?

- When you do hear from the Lord, do you rest in obedience or strive to do something important?

- How does fear play a role in all of this in your life?

- If you were to dig down deep on this subject and compare the fears you have entertained against the Lord's desire to do good things in your life, which of these two can you trust in? Why?
