

Lesson 0224

Video/CD Title: Sons and Servants
Disc Start Time: 00:00

Author: Bill Johnson
Disc End Time: 43:51

Discussion 1: A righteous man doesn't come to demand but to serve; he is the man who has discovered who he is and his richness in God so he no longer seeks recognition but to serve.

Drill Down 1:

- Share what your life looked like before you were a righteous man, when you were looking to be served.

- Why will a man who knows who he is and his richness in God no longer seek recognition?

- Why must a man know his richness in God before he can properly serve others?

- What will that kind of service look like?

Lesson 0224

Discussion 2: Leading as a son is different than leading as an orphan (or servant). A son will rule with the heart of a servant and will serve with the heart of a king toward his people. Jesus didn't come to be served but to serve others and bring them into sonship. His desire was to serve and help others because He knew who His Father was and the abundance of His Kingdom. His desire was to bring others into their greatness.

Drill Down 2:

- How have you been used to bring the greatness out of another:
 - a. At New Name Ministries?

- b. At your job?

- c. In your community?
